When you sell your home you must repay the Help to Buy assistance from a share of the sale proceeds (unless you have chosen to repay your equity loan earlier). TERMS & CONDITIONS

In the 6th year, a loan fee of 1.75% of the loan's value is charged. After this, the fee will rise annually by the increase in the Retail Price Index (RPI) plus 1%. The fee is simply an interest payment on the equity loan, it does not repay back any capital.

The equity loan must be repaid after 25 years.

The home purchased must be your own residence. Help to Buy is not available to assist buy-to-let investors or those who will own another property after they complete.

*Help to Buy properties available on selected properties only. Please speak to our Sales Consultants for further details.
